

REMARKS

Applicants have amended claims 3, 5, 7, 9, 16, 19, 20, 21, and 22 to include the limitation "displaying on the output device the reduced-aliased line segment," and a commensurate modification of the preamble of all of the claims, at the request of the Examiner. Support for this limitation is found in paragraph [0003] of the specification. Therefore, these claims are in allowable form. The other claims 8, 10-15, 17, and 18 are dependent upon these rewritten claims and so are also allowable.

CONCLUSION

Having addressed each and every ground of objection and rejection, applicants believe that the application is in condition for allowance. Applicants respectfully request reconsideration and allowance of the pending claims in the above-mentioned application and respectfully request that a timely Notice of Allowance be issued in this case.

Respectfully submitted,
